Mr. Rush.

Well, this year is almost over we have had a wild time this year in English. We have had a lot of laughs. (Yours and Rodney's Place mats and Dinette sets) I'm glad you and Rodney were in my English class. You both made me feel at ease when I moved here from Alaska. Hope you have a wonderful summer. See you at M.B.

Lara,
Like you said in my annual, we're one year closer to graduation. Now we have to start thinking about where we want to go to college. I still don't know where I want to go. I'm really looking forward to seeing you over the summer. Maybe we can get together and talk about it. Also, I'm really glad that we have become good friends. I'm really glad that we have become good friends. I'm really glad that we have become good friends. I'm really glad that we have become good friends.

Love ya,

Lance,
Well, I really don't know what to say. It sure has been a long year. I really can't believe its coming to a close. You were probably one of the 1st guys from Allen Jay or (Southern) whatever that I got to know. I'm really glad I did though because you're a great guy. I wouldn't trade our friendship for the world, and I hope you never forget me. Come see me sometime this summer and we'll go swimming again. Okay? Have a great summer and take care of yourself.
Love Ya,
Anne

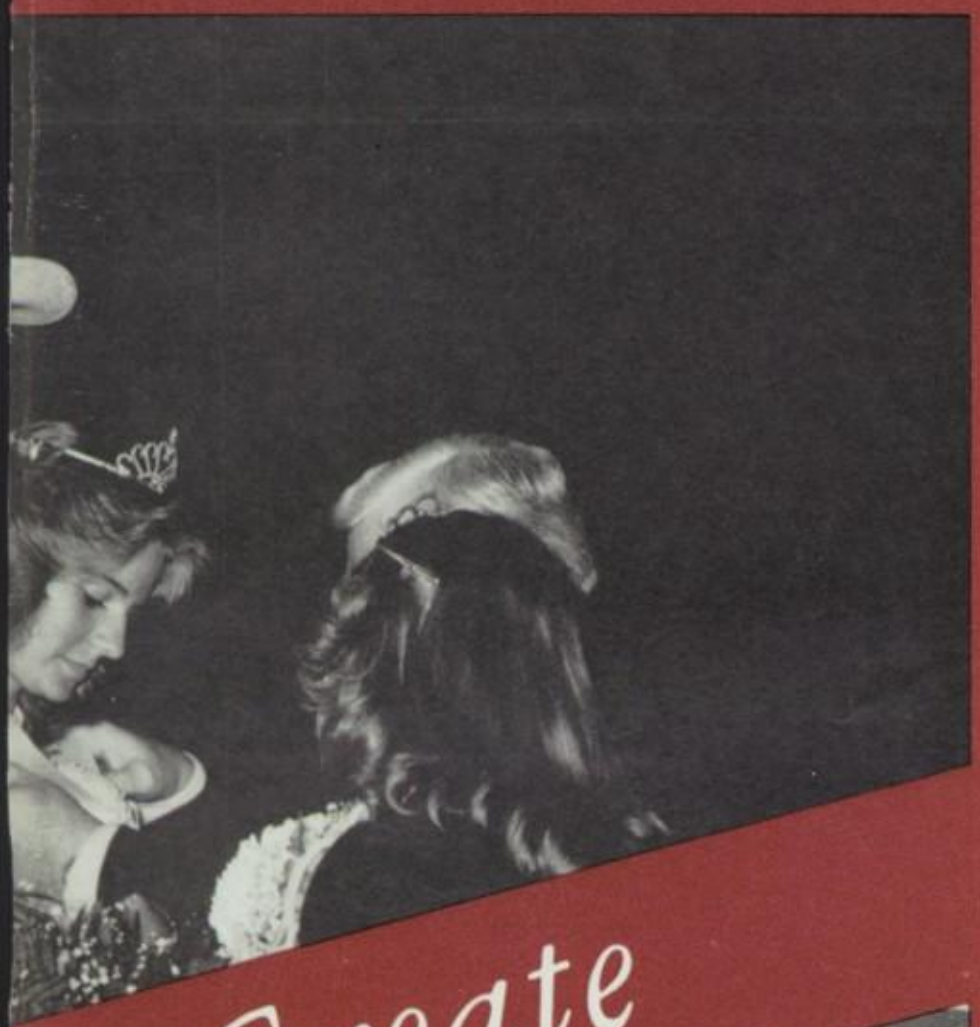
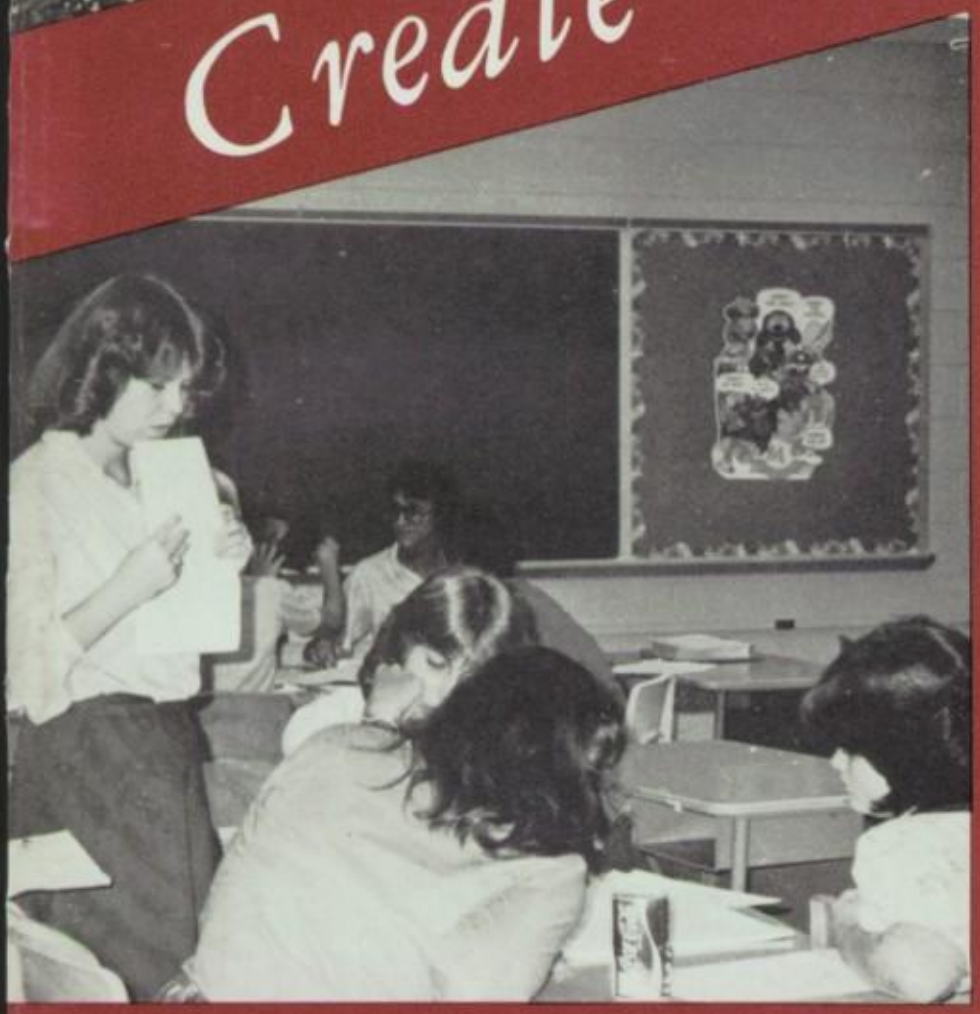
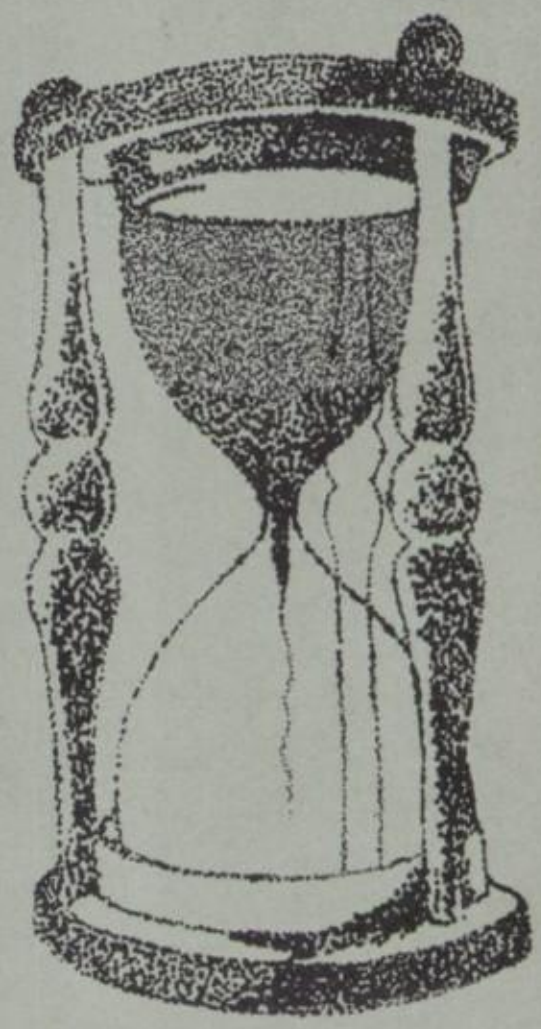
A Time To



Create





A Special Breed Of Lady

Annette Newman was crowned as the homecoming queen on October 2, 1981. She is the daughter of Rebecca Newman and enjoys playing basketball, volleyball, and softball. She is the secretary of FCA. She is also active in both the Spanish and HOSA Clubs. After graduation she plans to attend Guilford Technical Institute where she wants to study to be a registered nurse. Annette chose as her escort, Todd Blackwell.

Todd is the son of John and Gwen Blackwell. He also enjoys sports. His favorite is basketball in which he participates and plays very well. Todd also intends to attend Guilford Technical Institute to train to become an Emergency Medical Technologist. To help him in his medical career he takes Health Occupations and is a member of the HOSA Club of which he is the president. Todd is also interested in Corvettes and is very proud of his own. The Yearbook Staff would like to congratulate both Todd and Annette on their accomplishments. Congratulations Todd and Annette!

Queen's Court

The Queen's Court included Beverly Dabbs, daughter of Billie and Reedie Dabbs. Beverly was escorted by Doyle Holliday. Doyle is the son of Mavis and Daniel Holliday. Beverly was a varsity cheerleader whom after graduation plans to attend Appalachian State University where she plans to major in business.

Judi Taylor, the chief of the varsity cheerleaders, was also a member of the Queen's Court. Judi is the daughter of Charles and Georgia Taylor. Escorting Judi was Alan Overbey, the son of Margaret and Cecil Overbey. Next year Judi plans to go to UNC-Chapel Hill to major in physical therapy. She was active in the Civinettes, French Club and was a member of the National Honor Society.

Senior Representative

After the crowning, Annette and Todd were wisked away in a horse-drawn carriage.

Levone Parrish represented the class of 1982. Levone is the daughter of Carolyn and Ernie Owens. Levone was escorted by Jimmy Brafford, the son of James and Kathryn Brafford. Levone's interests include tennis, horseback riding, swimming, and softball.

Beautiful Ladies From the Underclasses

Julie Hammond was chosen by the Junior Class as their representive. She is the daughter of Margaret and Harold Hammond. Lance Lightfoot was her escort. He is the son of Doris and Richard Lightfoot. Julie was a member of DECA and was secretary of the Student Council.

Representing the Sophomore Class was Wendy Nichols. Wendy is the daughter of Kay and Hoyt Nichols. Escorting this lovely lady was Mike Swails. Mike is the son of Mary Ellen and Ronald Swails. Wendy was also a varsity cheerleader and enjoys bike riding in her spare time.

Cheerleaders add spirit to Homecoming.

A round-up of the 1981 escorts.

Freshmen Representative

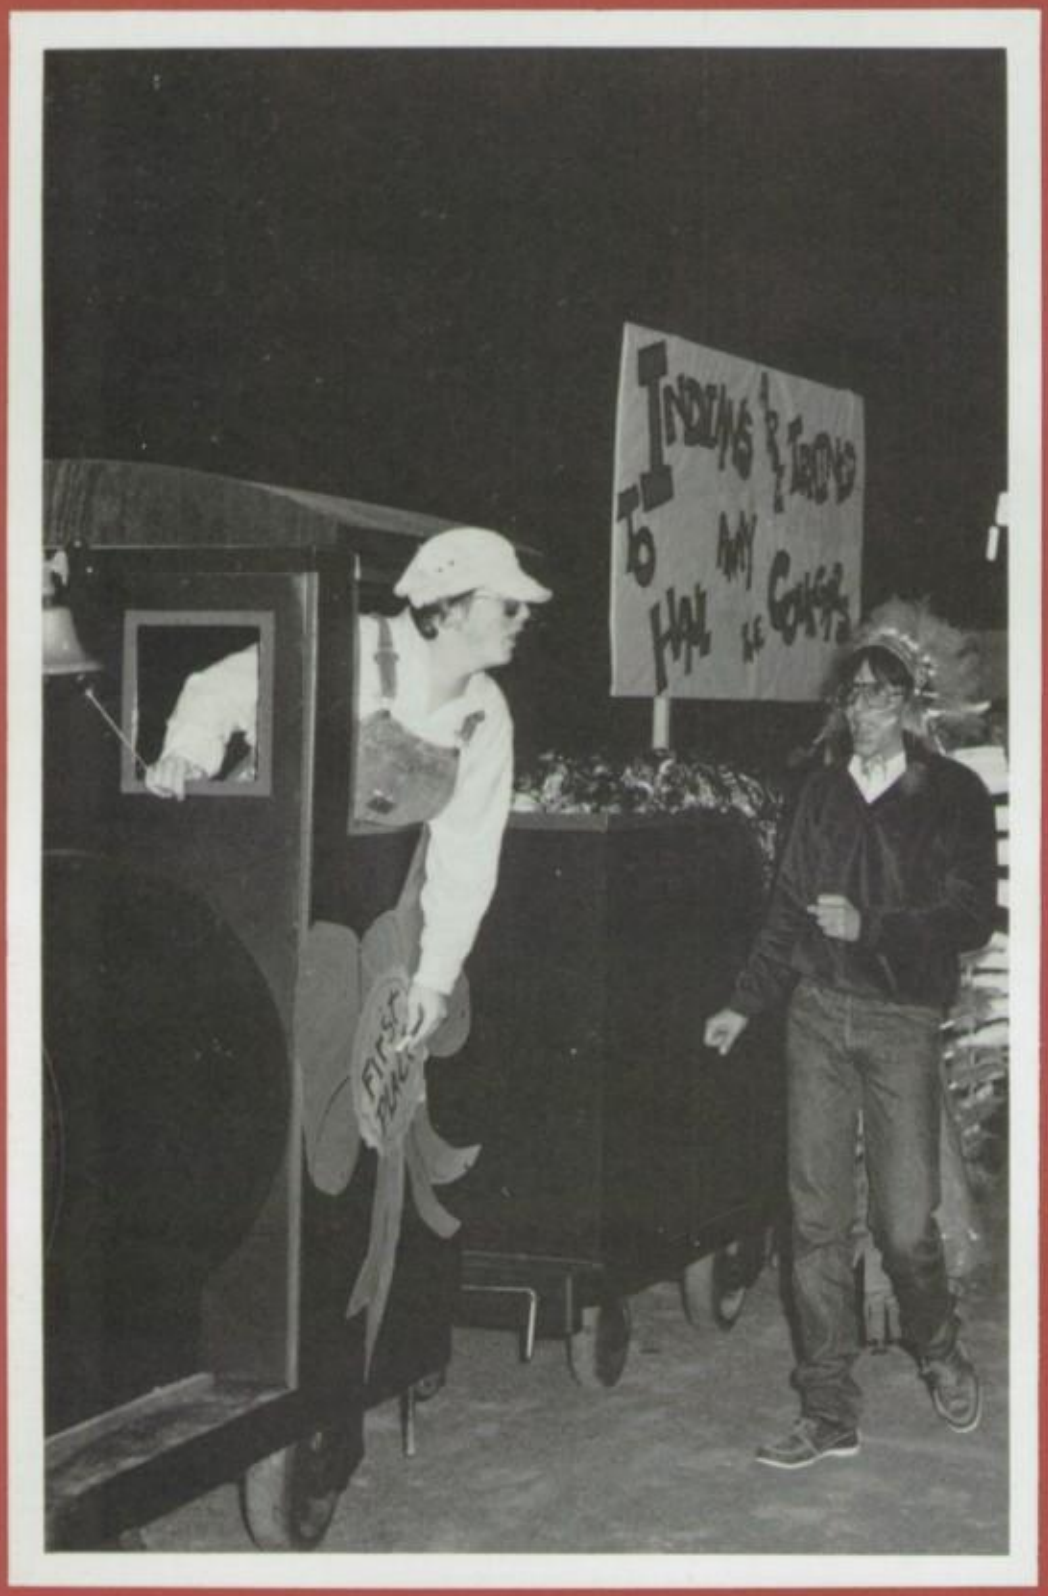
The Freshmen Class was represented by Angela Bingham. Angela is the daughter of Janet and James Bingham. Steve Allred, Angela's escort, is the son of Betty and Jimmy Allred. Angela was a varsity cheerleader, and her hobbies include swimming and shopping.

Lori McMahan, the 1980 Homecoming Queen, returned to Southern to have the honor of crowning the 1981 Queen, Annette Newman. Lori was escorted onto the field by our principal Mr. Robert Rayle.

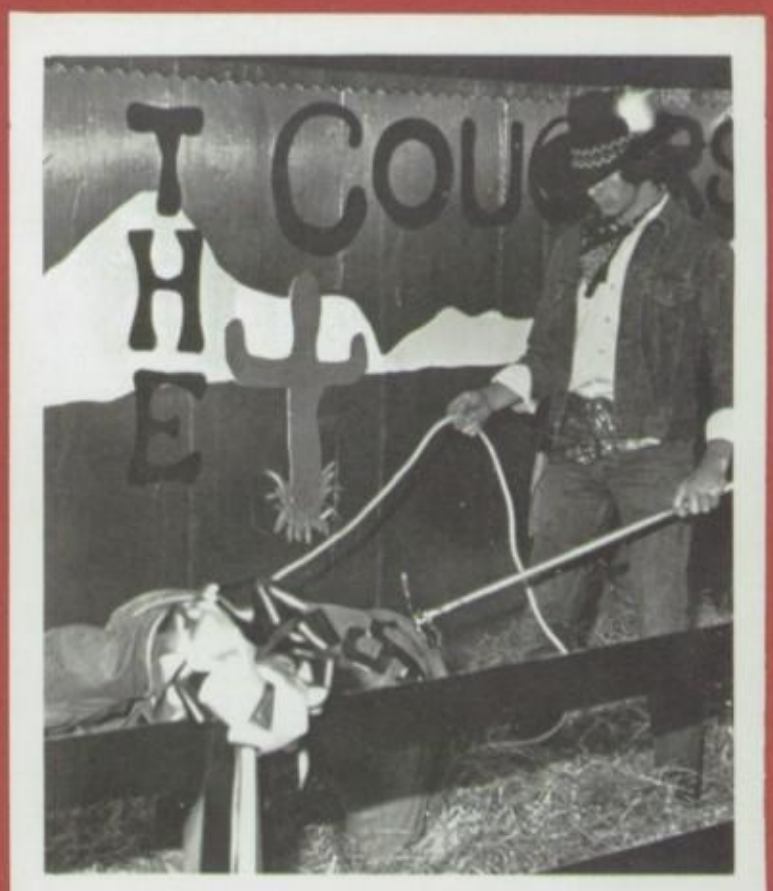
The 1981 Homecoming Queen along with all the other glamorous ladies of the Homecoming Court.

A Wagon Train of Spirit

Many long hard hours of work went into the creation of four great floats for Homecoming. Who would hold the victors seat filled parents and students with anxiousness. All classes showed their spirit and the winning float filled the Juniors with pride.



Richard and Stan lead the Junior float into Victory Lane.



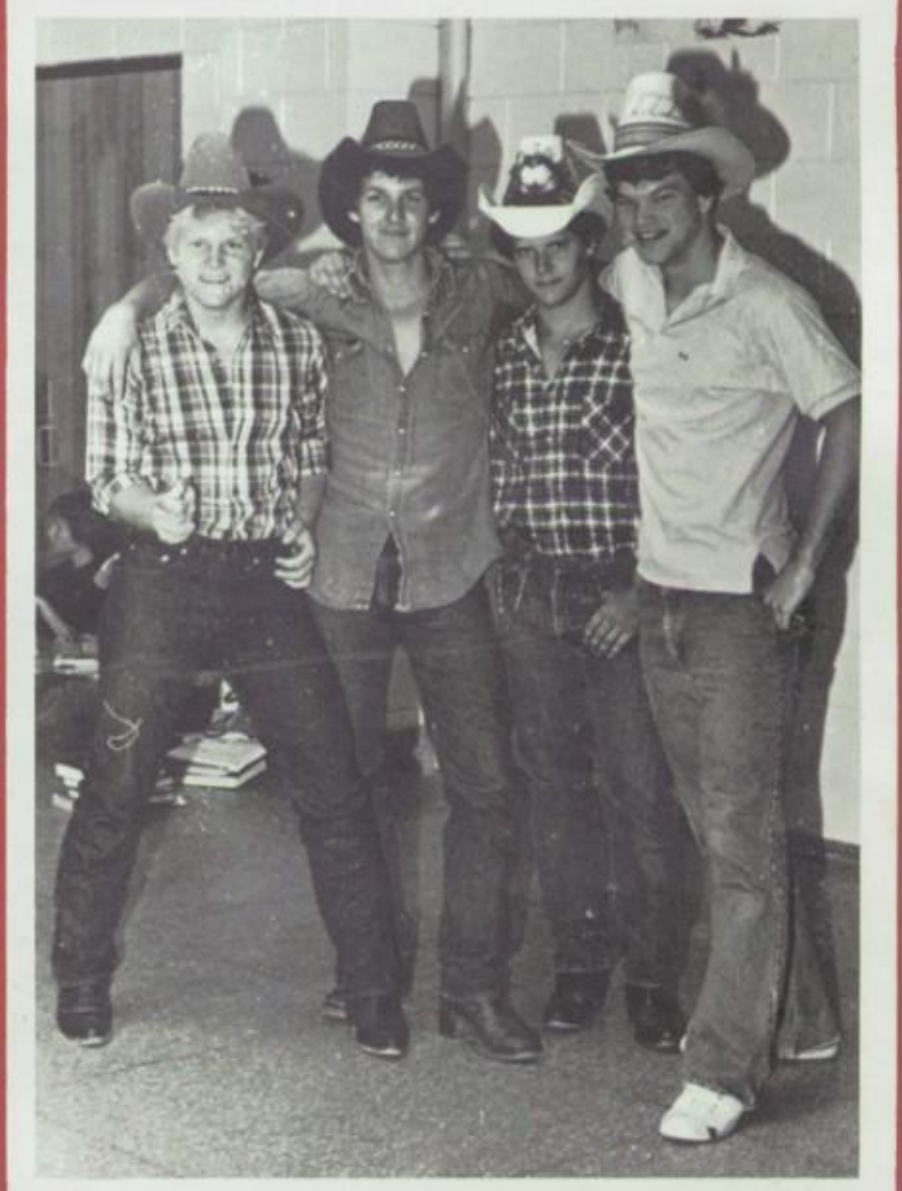
The Seniors showed their spirit by branding the Cougars.

The Class of 1985 barbecued Rockingham and the cougars fell to a sizzling lost.

The tomahawk proved strong as the Sophomore float overwhelmed the Cougars.

You are just a big cry baby.

Let's mosey on down to the corral.



The week of September 28th through October 2nd was set aside as Spirit Week 1981. These five days were filled with zany demonstrations of spirit. The days were Preppie Day, Kiddie Day, Western Day, Overall Spirit Day, and Maroon and Gold Day. On Friday this wild and crazy week came to a finale with a class competition pep rally and on Friday night the crowning of our Homecoming Queen and a triumphant game against Rockingham.

Overall, Lisa has the spirit.

Top Hat and Tails

On May 9, 1981, the place to be was Village Green. Many students arrived to enjoy a night of fun and dancing. The night truly was "The Best of Times," as everyone thoroughly enjoyed this memorable occasion.

The Decorations Committee spent many long, hard hours preparing the beautiful decorations for this special occasion. A special thanks goes to Diane Jarrett who was chairman of the committee.

Not since the inauguration had such a gala been prepared, as many beautiful ladies with their escorts arrived and sat tensely while waiting for the crowning of the prom king and queen.

Coke Adds Life . . . To Southern

I've tried lots of orange sodas, in bottles and cans. . .

Room 115 went through a drastic change this year. Before, these four walls concealed a calm classroom, but there's no concealing the pandemonium which occurs in this room at afternoon break. In this twelve minutes as many people pass through this room as passes through O'Hare Airport in a day. Why, you ask? Everyone is after a small, tin can called a soft drink. This is all possible only because our principal and faculty agreed on the installation of two Coke machines. We would like to thank them for adding this life to our free moments.

Crunch! Crunch! Crunch! This is the sound of inflation slowly eating tiny holes in the pockets of our pants and allowing every penny we own to be released. Not one of us can say that we have escaped from this evil menace of inflation. The power of this menace can be felt each and every time a purchase is made. Here listed are a few items on which this menace has had his hands. He has placed a curse on these items causing their prices to skyrocket. Who knows maybe someday someone will mend the holes in our pockets and prices will come back down to earth.

Matter of Opinions

This year's Student Council was really on the ball. First, at the beginning of the year, they had the duty of combining the folders that were distributed. Their next duty was the one of organizing the homecoming dance. However, their fellow students aren't the only people that they've helped. At Christmas, they collected and distributed food to needy families in the area. A big thanks goes to the council from everyone they've helped.

"Why didn't you give this to me before I got off the air?"

The law makers

Mr. Harold Nall, the advisor, asked, "All in favor raise your hand."

Everyone is in favor except for Brian Carnes who seems to have difficulty understanding the question.

Setting an Example

Being the best takes all you've got, and FCA was a group of young athletes who were willing and able to meet this demand. They were a group determined and set, not only on winning a game, but also on their beliefs. This group was recognized because of their outstanding spirit and support.

Mike Tilley opens the meeting with a devotional.

Anita Blanchard and Christi Poe have their license to fund raise for FCA.

Thomas Harden and Edwin Ozment collect food for the less fortunate at Thanksgiving.

President, Mike Tilley, intently listens to our guest speaker, Johnny Evans as he gives a lesson on the opportunities of life.

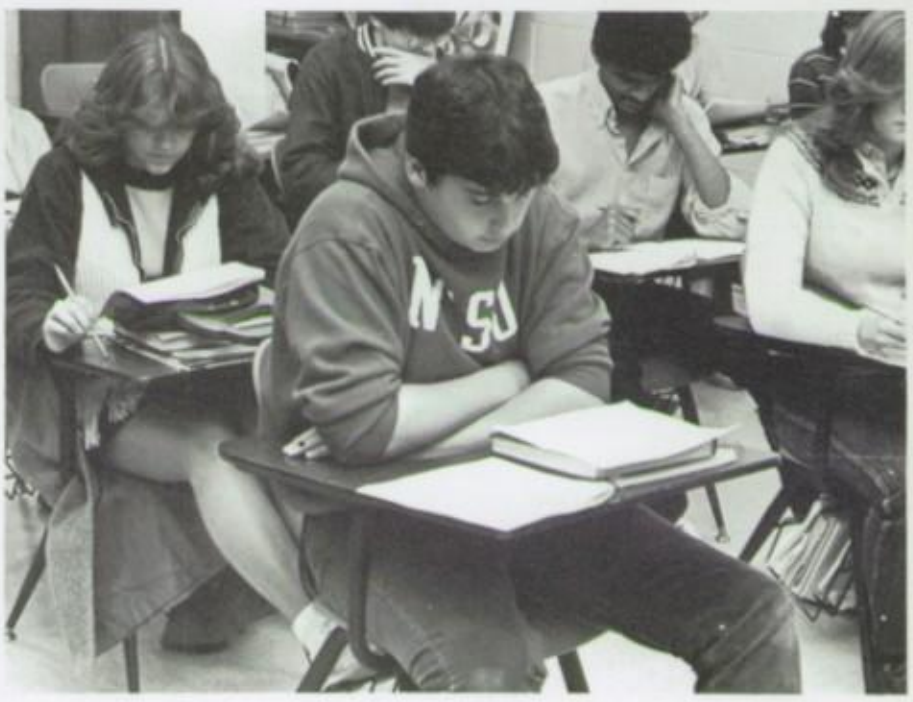
The advisors of the club, Mr. Jay Terrell, Mrs. Sandy Terrell, and Mr. Mickey Atkinson.

"Oui" Are the Ones . . .

English wasn't the only foreign language taught at Southern this year. French was offered also. Although the basic goal of French may be to learn the language, learning can be fun, as most classes found out at Christmas. Some of the classes sang French carols while others went one step farther and prepared a traditional French dinner.

Mademoiselle Eleanor Link gets a kick out of a Christmas gift from one of her students during a cultural experience.

Santa asked Judi Taylor, "Don't you think you're a little old to be sitting on my lap?"



Miss Link brainwashes her third period class.

"Si" Us in Action

Ever dreamed what it would be like to stroll through the festive streets of Spain? Many Southern Guilford students experienced this by being a member of the Spanish Club. The club celebrated Christmas just as in Spain by bursting the traditional piñata and eating luscious Spanish dishes. Although they never reached those festive streets, their experience was the next best thing.

Everyone watches as Annette Newman swings blindly at the piñata.

It's an Honor To Be a Member

Eleven new members were inducted into the National Honor Society. Before being selected, the NHS committee reviewed those who were being considered on the basis of leadership, scholarship, character, and service to their community. The day for the ceremony, January 7, 1982, finally arrived. The audience anxiously awaited the induction of each new member. Those who worked hard to achieve academic success were rewarded with this high honor.

On the Road Again

If you are able to endure getting out of bed at 6 a.m., 180 days of the year and crawl into a cold bus then you have one of the perfect qualities to be a member of SOMA. The ability to put up with dozens of screaming kids that early in the morning could influence your future as a bus driver. Even with all the screaming, Safety Our Motto Always was constanly shown as we were transported both to school and back home again safely.

Mr. Jimmy Pierce, the advisor, prepares time cards for the bus drivers.

"We're driving our lives away!"

Instilling Leadership Qualities

The Civinettes were very busy this year. They participated in the Senior vs. Faculty football game, either by playing or working with concessions. They also raised money to sponsor the district president in Sno-do, which is a cross country snowmobile race across Canada. The Civinettes along with the Jr. Civitans also sold fruitcake during the Christmas season to their friends and neighbors.

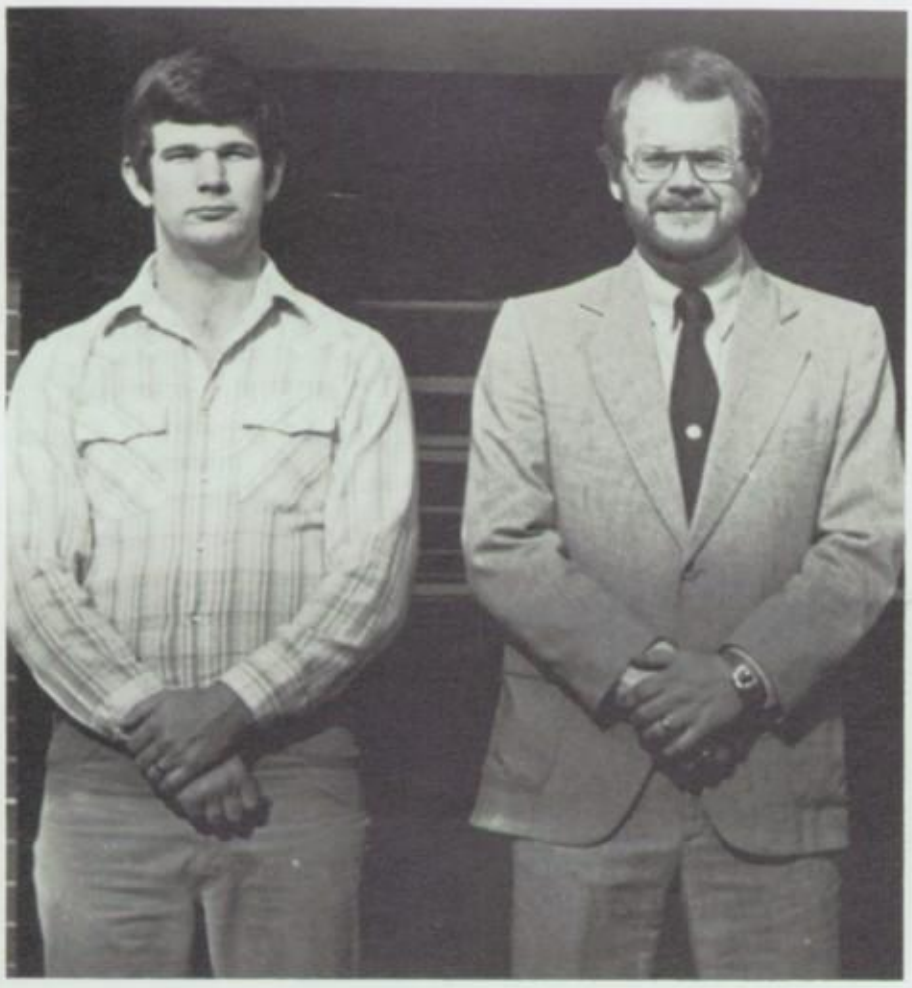
Service to our Community and Friends

Advisors: Mr. Mickey Atkinson and Mr. Ken Wheat



Helping their community was the main goal of the Jr. Civitans. Along with FCA, they co-sponsored the Senior vs. Faculty football game. On November fourteenth they attended the Duke vs. State football game, which was followed by a buffet dinner and a meeting of all district Civitans. Adding all of this together meant the meeting of their goal.

Teddy Shelton asked "How many fruitcakes would you like?"

Helping your community goes beyond school hours as Richard Hepler and Stan Reid serve Chris Proctor in concessions at a ball game.

Precision and Skill

The Marching Indians added that special sparkle to half-time this year. Not only did we at Southern benefit from our band's talent, but citizens in High Point and other cities were entertained at Christmas as the band marched in various parades.

The night air rings with the sound of the Indians.

Music at its Best

The Concert Band did an absolutely marvelous job this year. Performing at Christmas, they set us all in a merrier mood.

The Finishing Touches

The majorettes and flag girls were a group of young ladies who had to be able to endure two major hardships. The first was spending many hours after school practicing certain choreographed movements in order to perfect their part of the half-time activities. The second was enduring very cold and frigid weather. They not only added color to half-time but also the finishing touches.

For the past four years Beth Webster has added a special magic to half-time shows. A special thanks goes to Beth from all of us.

The World Is Alive With . . .

The effort to perfect one's talent was displayed as the chorus worked diligently all year long. They attended a choral workshop as well as practicing daily.

Pleasing a crowd was the Mixed Chorus' top priority.

Chorus Director: Susan Hunnicutt

A beautiful sound was an obvious trait of the Treble Chorus.

Though All School Chorus is mainly freshmen, their sound is truly professional.

The Sound of Music

I believe in music.

Although the performance was not an audition for the Mormon Tabernacle Choir, the nerve-racking pressure was worthwhile as the audience showed its appreciation. For many students, chorus was a learning experience. For others, it was a strengthening of skills already learned. Not only did the chorus perform here at Southern, but they entertained audiences at various malls and churches in the surrounding area. Congratulations for a great job.

Brushing Up For Broadway

Straight from Broadway . . . it's the Southern Guilford Drama Department. Long, tiring hours of relentless rehearsal went into the perfection of their skills. The presentation of two plays, *The Oyster and the Pearl,* and *If Girls Asked Boys for Dates,* were the highlights of their year.

An excellent set was part of the plays' success.

Drama has its act together.

There's No Business . . . .

We can all say that at one time or another we have been told that when applying for a job, experience is required. Many students here at Southern gained that experience in FBLA. These students studied clerical and administrative work. Not only will this experience help those in FBLA but the student body also. A student directory was published by the FBLA which consisted of all interested students.

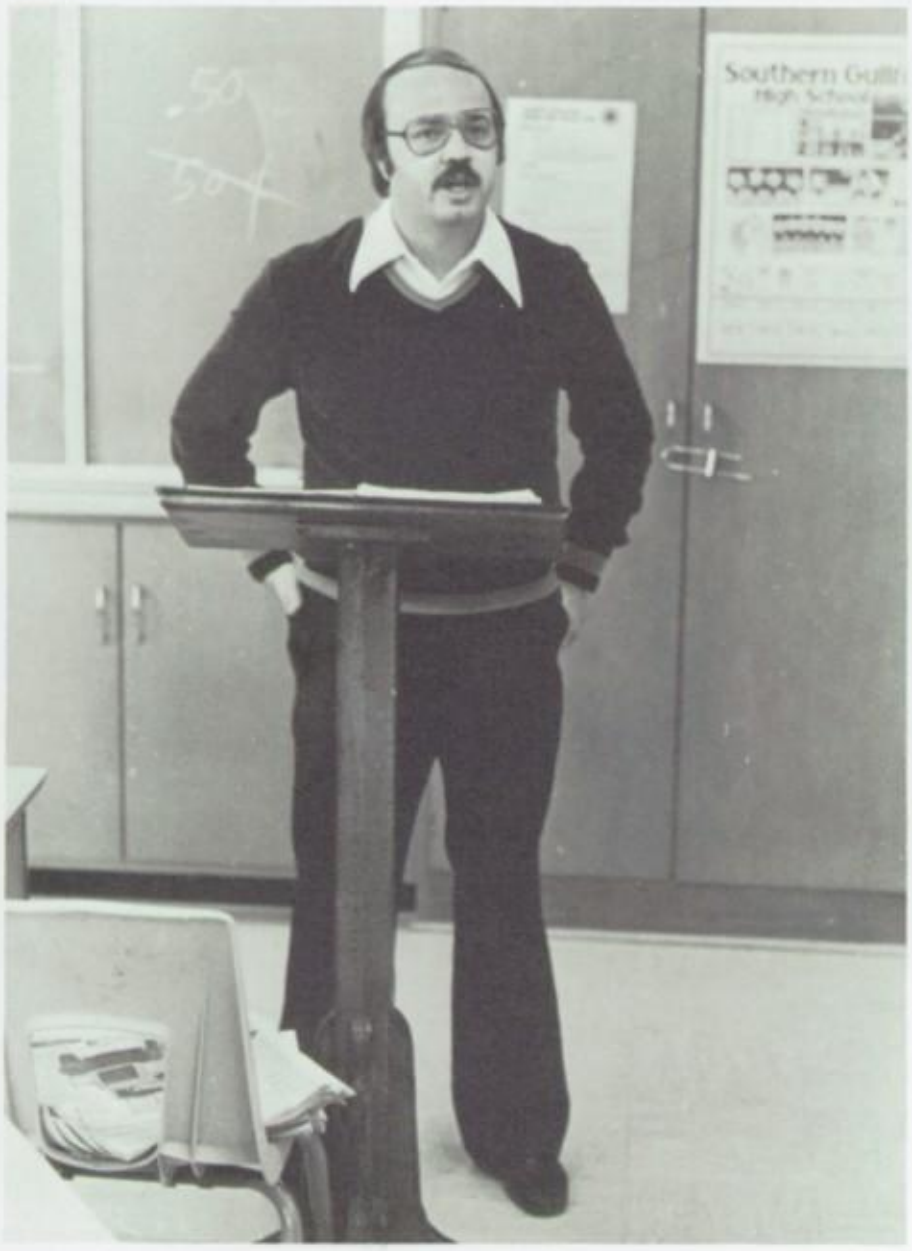
President, Nora Dial, conducts a meeting of FBLA.

Learning Skills for the Future

Distributive Education students prepare to meet the working world.

Students involved in DECA received vital training, and with the unemployment rate at an all-time high, any training was extremely important. Marketing, a prominent field in employment, was taught. To help them in pursuing a career in the marketing field, these students took inventory at various businesses as their grade.

Jeff Roland, a member of D.E., gains vital training at Food Town.



Who says "work is no fun?"

Mr. Claude Adkins gives a lesson on getting along with the employer.

Our Helping Hands

The Health Occupation Students of America was a group of students who studied health, hygiene, and other medically related topics. This year they were involved in helping supervise at the Special Olympics which they enjoyed tremendously. Also, the Health Occupation II students were involved in some actual work at hospitals.

The Future Farmers of America were busy this year beautifying our school grounds. They planted shrub and assembled a split rail fence along the walk in front of the school. The basic goal of FFA is to develop agricultural leadership, cooperation, and citizenship in young men and women. Students learn various techniques used in farming as well as the study of soil and land conditions. This knowledge of horticulture will be helpful in pursuing a career in the field of agriculture.

Meet the Press

Deadlines . . . everyone has to meet them sometime during the year, whether the deadline was getting to class on time or turning in a research paper on the final day. But deadlines were especially important to the newspaper staff.

The newspaper staff published the Totem Pole four times during the school year. Deadlines for the articles had to be met so they could be proofread, typed and arranged. Great articles and diligent work produced a newspaper comparable to the New York Times.

The Chief, Mrs. Mary Davis, types copy for their deadline.

Dale Hunt asks "Now, how did that get in there?"

The newsmakers of 1982

We are Family

The profile of a yearbook staff member: age fifteen to eighteen; black or white; male or female; sophomore, junior, and senior; able to work like mad to meet deadlines; capable of covering every event the school has with agility of a puppet on a string; the talent to use angles everyone likes; personality to endure the "boos" and "hisses" of those who aren't pleased.

Not mentioned above is the fact that yearbook members become family. They are happy when they meet a deadline or score high on a test. There are, however, low points, such as disagreements and the impossibility of pleasing everyone. As the song says, "We Are Family".

"Time" Is What It Takes

The moneymakers.

Always on the Ball

The Varsity Boys' Basketball team started out with a new coach for the season of 1981-82. The won-lost record of the team did not reflect the attitude, desire, and hustle of the young men who participated. Some close games were lost early in the season which hurt their confidence. Inexperience and injuries took its toll during the year. They took their lumps this year but for the next year they will have gained valuable experience on the varsity level. Coach Swajkoski says "the outlook for next year is very optimistic."

The Real Swingers

This past season's golf team was very young and inexperienced. They showed steady improvement as the season progressed. The Indians came within a few strokes of winning several matches. If the boys work hard on their golf game during the off season, the future looks brighter.

Cross country was added to the sports program here at Southern Guilford this past year. Even though the team consisted primarily of freshmen and sophomores, their running abilities were that of professionals. Every runner practiced hard which showed as the majority improved their time at each meet. Out of the eight regular tri-meets, the boys finished eighth and our girls finished in a well-earned first place. Due to perfect cross country running conditions, the conference meet was held at Southern.

Thomas Harden is dazzled by the first bounce speed of his opponent's serve

Southern Guilford fielded its first varsity boys' tennis team for the spring of 1980. Rob Wall and Thomas Harden compiled individual records of four wins and seven losses. Considering it was everyone's first year of competitive tennis, that was quite an accomplishment. In the Greensboro sectionals, Southern came in sixth out of ten entries. Next season seems quite promising with most of the team returning.

Taking it to the Hoop

The future looks extremely bright with the likes of Tonya Davis, Jennifer Boggs, Sheila Kennedy, Myra Cox, Gena Inman, and Julie Key. The '81-'82 squad has shown great hustle and a knack for being able to win the close ball games. "Injuries to Sheila, Tonya, Jennifer, and Connie, have made it extremely tough, but the girls continue to find ways to pull out the wins," commented Coach Barnes.

Tonya Davis makes a tremendous steal to add two more points to Southern's score.

Tennis — A Game of Love

As the saying goes, "everything is better the second time around", was clearly illustrated by the girls' tennis team this year. After last year's slow season some were worried that tennis may not remain here at Southern, instead, the program only strengthened. With mainly returning players, it is almost inevitable that only excellent teams are in the near future. The team proved a challenge to all that they played as they developed into a definite contender for the conference title.

The 1981 Boys' Track team did not have a good season. The record was 0-9, and a last place finish in the conference meet. We were over matched in most meets, though the season was not all bad.

We had 30 boys on the team — only one senior. All the boys who participated posted their all time personal best time-distance this season. Jerry Daly who scored in every meet was named MVP. Ritchie Morris scored all of Southern's points in the conference meet.

Don't Bump Us . . .

Confidence, what all athletes need, was personified in the Girls' Volleyball Team this season. Getting off to a slow start, it was feared that a winning season was out of the picture and this year would be one for gaining experience. Through hard practice, however, the team turned the season around winning seven of their last eight matches and placed fourth in the conference.

We're Set to Win

Trial and error wasn't the way this year's team achieved success. It was through hard work and a total team effort, that a winning season came about. This was due to the excellent leadership of co-captains Cindy Muir and Annette Newman. The loss of these players will be felt, but next year's team should benefit from the returning of five veteran players.

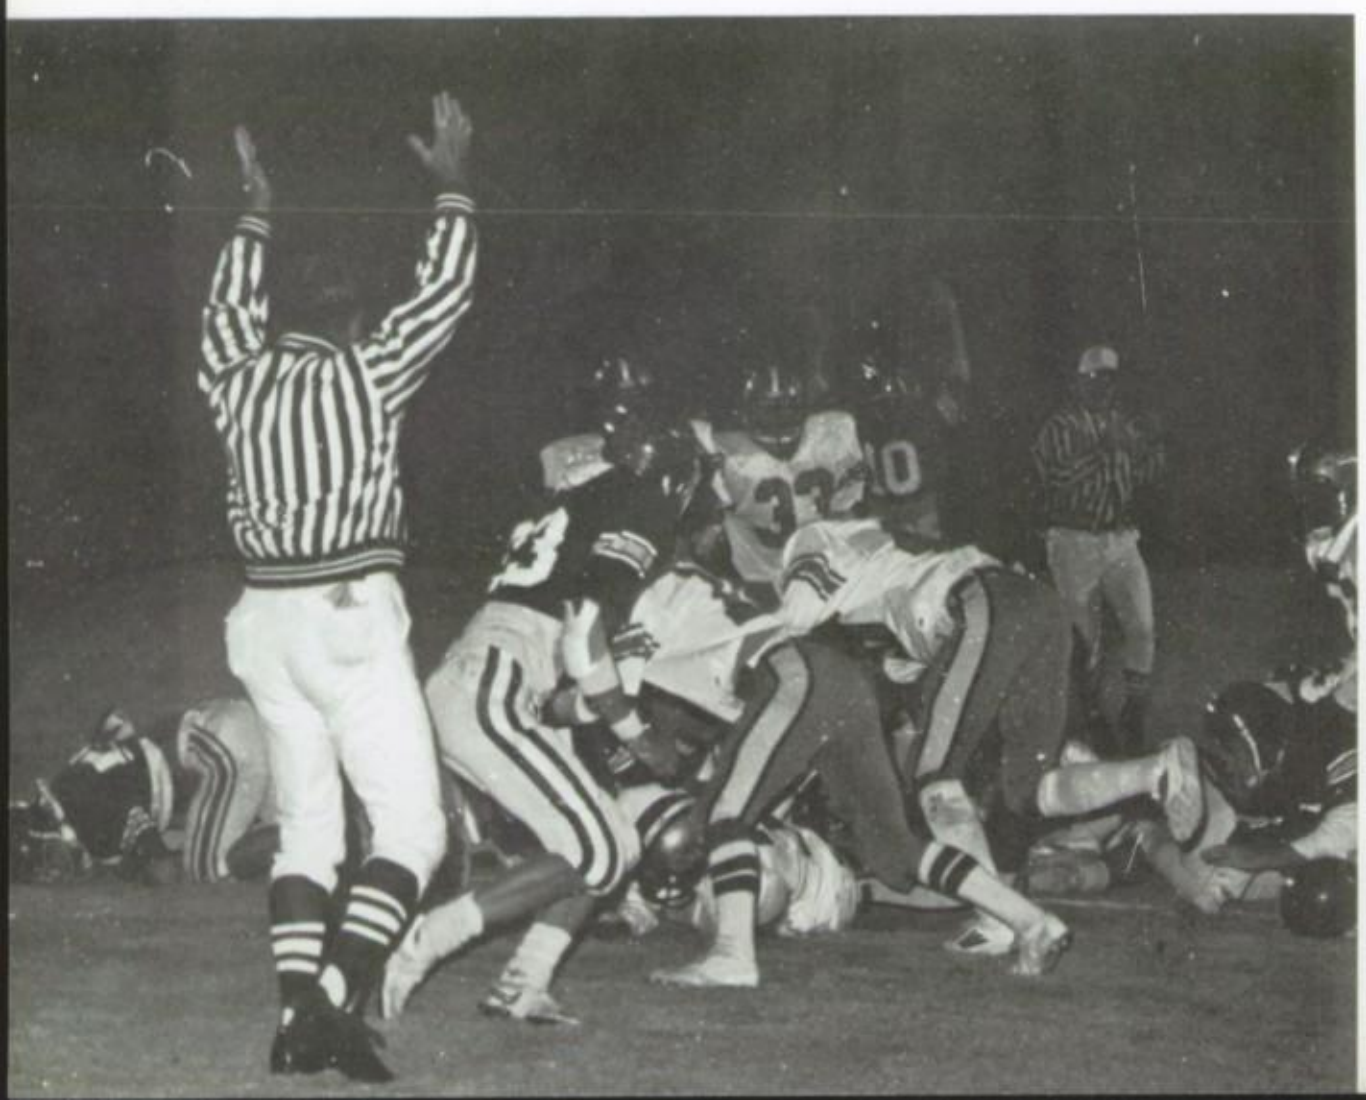
A New Coach
A New Approach



Coming into the season, the coaching staff had no idea what to expect from this year's squad. The team consisted of many young players and a new coaching staff, but things blended very well. Beginning with the preseason camp, it was apparent that this group was determined to win, and they were willing to pay the price. The turning point of the season was the second half of the Rockingham County game, and from then on the Indians went to capture three straight wins. They finished with a 6-4 record just a little short of the qualifying for the state playoffs. The coaching staff was extremely proud of what this team accomplished, and next year's team will have to work hard to carry on the Indian winning football tradition.

Wrestlers Flatten Competition

The 1981-82 Indian Wrestling team started the season with many question marks. The team was very young, consisting mainly of juniors and sophomores, and only three seniors. Teddy Shelton the most outstanding wrestler this year had a record of 18-3, and won two tournaments. With most of the team returning, we look for a good season next year.

With speed as her asset, Annette Newman is safe at first.

Though called "soft" ball, this bunch had to work hard and long to achieve the success which so long awaited them. Relying on the solid hitting of Martha Deaton and Lisa Bolling, all eyes began to turn toward the conference title. Going down to practice toughened and so did the girls. Despite losing the conference title, the girls could feel no shame, for they brought a third place finish to Southern. In sports we find that when a team has a good season, it is often their downfall. Southern is quite an exception to this rule in that our two all conference choices, Jody Wyrick and Dee Dee Self, are returning. Congratulations go to the entire Varsity Softball Team for a year of hard work.

Hit and Run

Martha Deaton runs that extra mile to make it to first base.

There's No Place Like Home

The 1981 baseball season proved to be a winning season for Southern Guilford. The team finished with a 12-8 record and a fourth place finish in the Conference. The team was led by the pitching of Dan Smith, Jimmy Brafford, and Terry Shelton. Leading hitters were Jimmy Lucas and Dino Hackett. With ten members of the team returning for the 1982 season, we are looking forward to an improved record.

Charles Bright displays a good second effort as he attempts to grab the rebound.

Led by captains Donald Corbett, Charles Bright, and Craig Seagraves, Southern's Jr. Varsity Boys' Basketball team experienced its first successful season in several years. Several of the J.V. players contributed greatly to the varsity team also. The talent of these boys, shows that we can look forward to good future seasons in boys' basketball.

It Takes "2"

Laura Linton leaps to control the tap.

Success was the name of the game for the Girls' J.V. Basketball team. Rebounding and hustle paved the way to a tremendous display of talent. Co-captains Michelle Byrd and Kim Brafford led the team, however, if it were not for a total team effort, the excellent record may not have been achieved. With seven freshmen returning, next year appears even brighter than this one was.

The J.V. Baseball team was led by Eddie Dixon, Denny Davis, and Rodney Morgan. All of whom should contribute greatly to this year's varsity team. The J.V.'s were 7-9 in the conference and if this is any indication, Southern Baseball should be very competitive in the coming years.

Keith Blackburn avoids a tackler to plunge across the goal line.

Southern had its greatest turnout ever for the J.V. Football Team this past season. This group of young men worked extremely hard on the fundamentals that will in the future, make the major contributors to the varsity football team. The coaching staff observed many young athletes that show great promise. Although the team did not win many games, they were very competitive.

MARSHALS

Being one of the top ten is something very few can say. These Juniors are truly senior in their academic ability as they were selected as Southern's 1982 marshals. Their responsibilities consisted of handing out programs, showing people to their seats, and escorting in the graduates. This honor was given to Row 1: Amy Brookbank, Selena Allen, Stephanie Patterson. Row 2: Deanne Sexton, Dale Hunt, Jay Wilkins, Tim Doss. Row 3: Brian Petty, Betsy Conrad, Tommy Hazelwood, Julie Key.

VALEDICTORIAN • SALUTATORIAN

Valedictorian, Anita Blanchard

Every class has students who seem to achieve every goal they set for themselves. The Valedictorian selection is based on that person who maintains the highest grade point average in her class. Anita Blanchard was chosen as Valedictorian for 1982. Anita showed dependability and leadership as well as academic achievement. The warmest congratulations go to Anita for receiving this award.

Salutatorian, Sandra Bodenheimer

Runner-up is quite an achievement when the standards are so high. The Salutatorian for 1982 is Sandra Bodenheimer. She maintained the second highest grade point average in the Senior class. Sincerest congratulations go to our Salutatorian.

CIVITAN BEST CITIZEN • DAR •

Steve Coward gets all choked up over Lorie's assistance.

Each year, the senior class chooses a person among them whom they think showed leadership, citizenship, patriotism, and dependability as their DAR Good Citizen. This year Lorie Sechrest was chosen for this honor. Daughter's of the American Revolution sponsored this award.

Held shortly after school ended, Girl's State and Boy's State were valuable experiences for Lorie Sechrest and Alan Overbey. They learned technicalities of governmental processes such as parliamentary procedure and the making of laws. Their week was sponsored by Women's Auxiliary and American Legion.

Presidential Classroom was an interesting time for Jay Wilkins, Edwin Ozment, and Dale Hunt. They spent a week in Washinton, D.C., attending seminars, discussions, and touring the city.

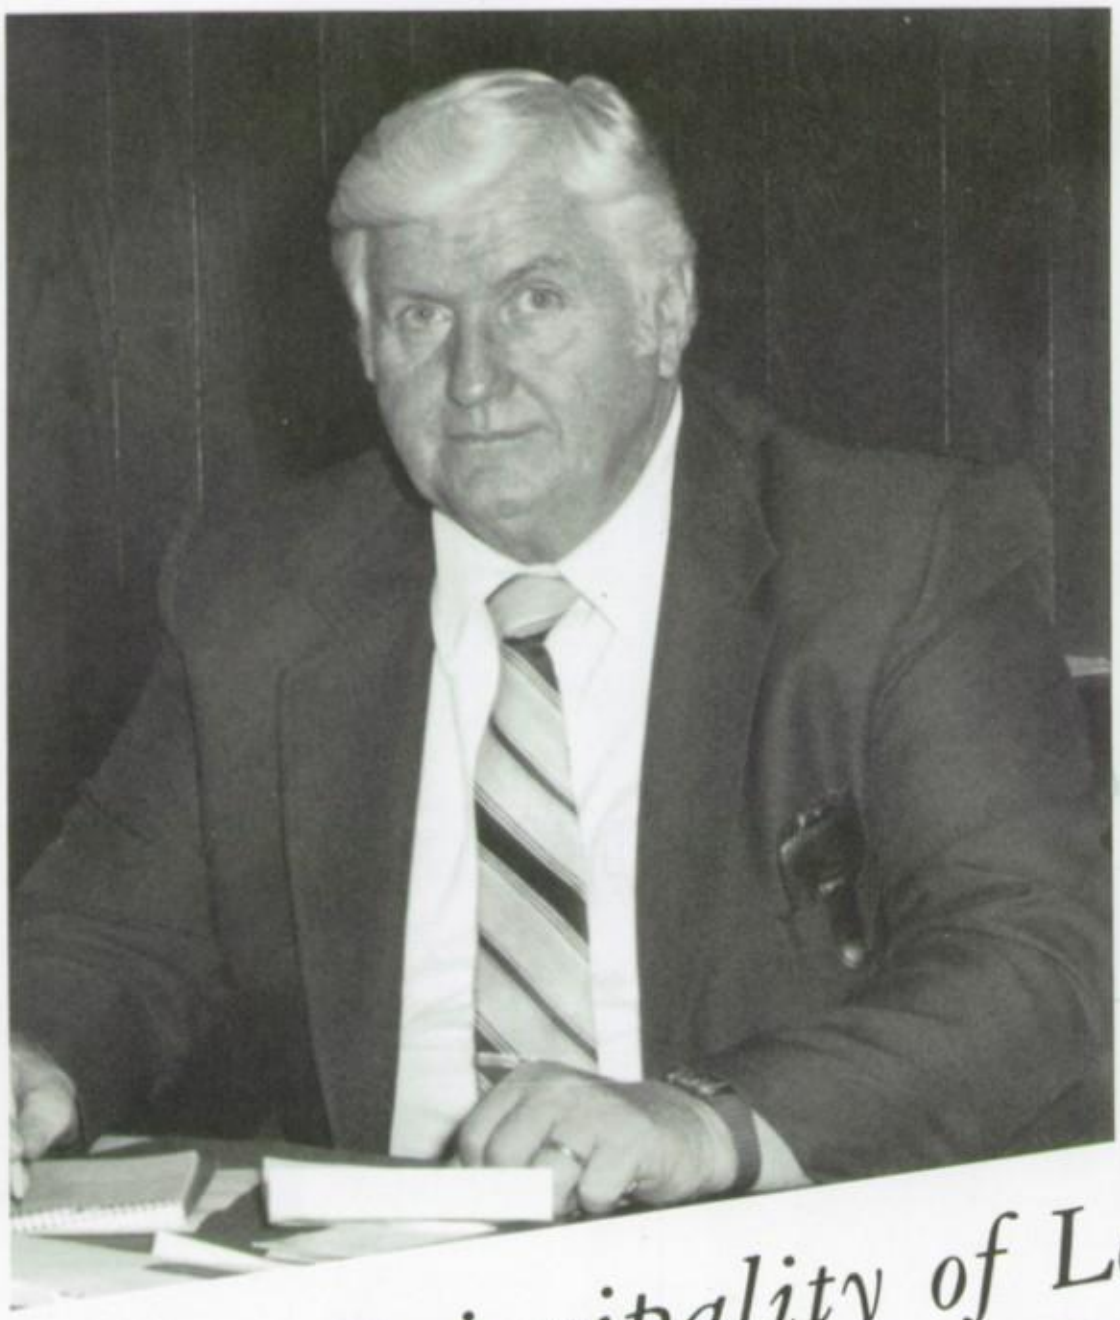
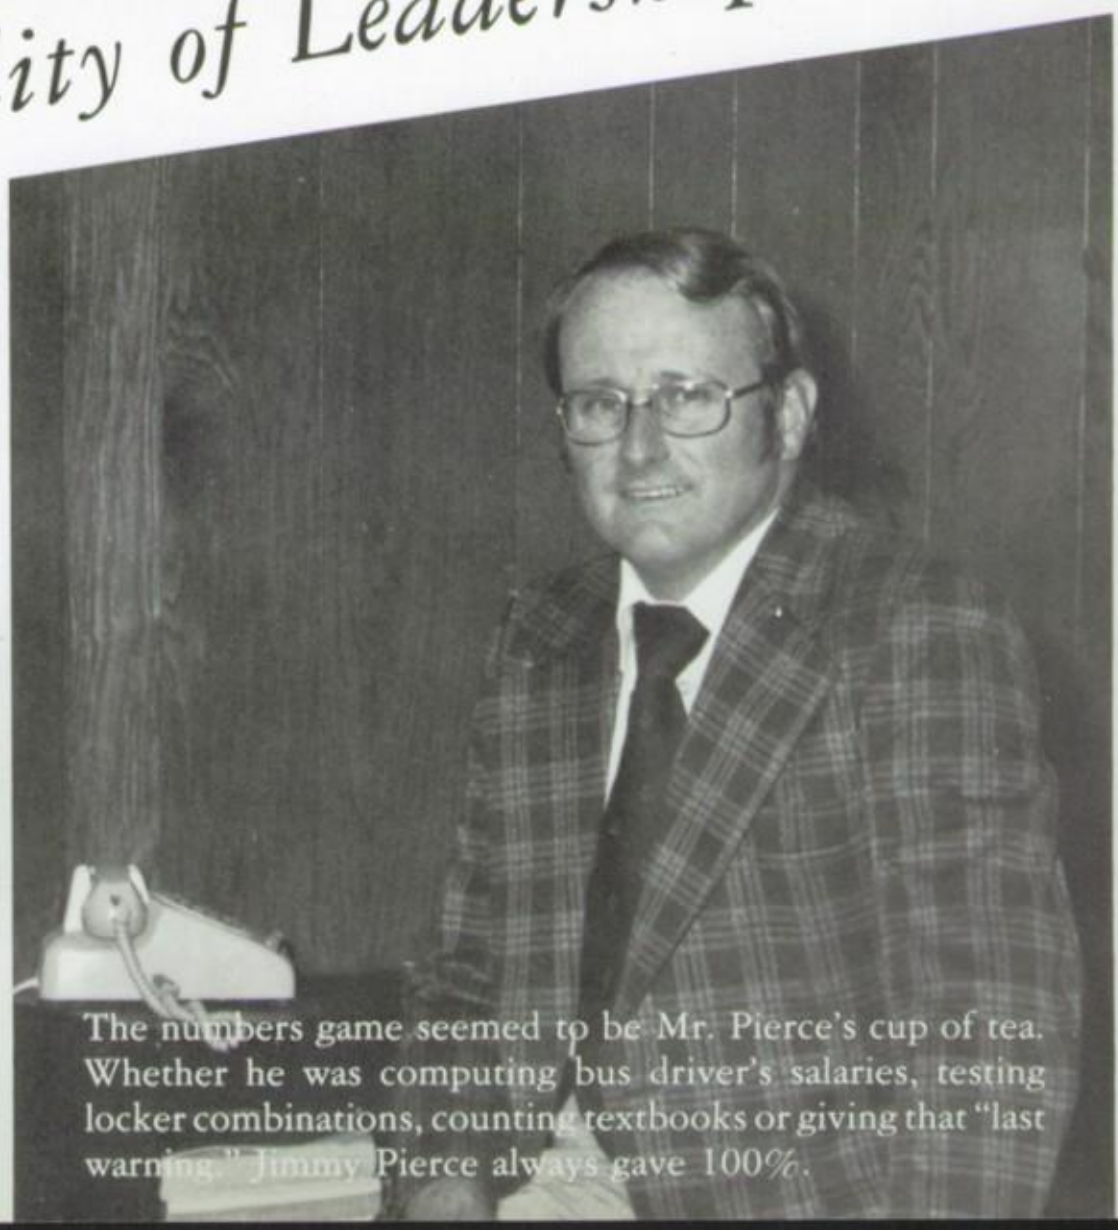
Mr. Robert Rayle, Principal

Involvement in all aspects of school life has been Robert Rayle's goal — one which he accomplished by total commitment to students and faculty. His interest and availability at all school-related functions were two of the traits which earned him the honor of "Principal of the Year" for 1980-81.



Principality of Leadership



The numbers game seemed to be Mr. Pierce's cup of tea. Whether he was computing bus driver's salaries, testing locker combinations, counting textbooks or giving that "last warning," Jimmy Pierce always gave 100%.

Our work is never through

Mr. Claude Adkins teaches Marketing and Distrubutive Education. He attended Old Dominion University and UNC-G where he received B.S. and MSBE degrees. His hobbies are golf, flying, and photography. His social life includes activities with his wife Kay and their two children.

Mr. Tom Anderson attended High Point College. He has an A.B. degree in English. He teaches eleventh grade English and Chemistry. In his spare time Mr. Anderson enjoys hiking, being outdoors, and making people happy. He also loves being with his wife Linda and his children Angie and Neal.

Mr. Mickey Atkinson teaches tenth and eleventh grade English. He attended Greensboro College and received a B.A. degree in English and Religion. His hobbies are photography, firefighting, motorcycling and football. His lovely wife is Helen and they have an adorable poodle named Rocky.

Mr. Vernon Auman enjoys fishing and racing. He teaches Auto Mechanics. Mr. Auman attended General Motors Techical Institute. His interest for Auto Mechanics goes beyond teaching as he owns his own business.

Mr. Daryl Barnes teaches Physical Fitness, Biology, and coaches girls' basketball. He graduated from High Point College, and has a B.S. degree in Physical Education and Biology. In his leisure time he enjoys gardening and spending time with his wife Denise and son Jeremey.

Mrs. Adis Beeson teaches Algebra IA, IB, and Refresher's Math. She attended UNC-G and received an A.B. and a M. Ed. degree. Her hobbies are reading and she is involved in church and community activities. Mrs. Beeson is also one of the advisors for our Civinette Club.

Mrs. Eva Benbow teaches Art Education. She attended Guilford College, UNC-G, and Appalachian State University. She received B.A. and MAAE degrees. Mrs. Benbow has many creative talents. These artistic abilities include dancing, tennis, and decorating. She also is very proud of her pilot's license.

Mr. John Burney enjoys camping, boating, and photography, which includes assisting in the production of the yearbook. He teaches C.P. Biology and Physical Science. Mr. Burney attended Lees McRae College and A.S.U. He holds Associate and Bachelor of Science degrees.

Mrs. Bobbie Clark teaches Health Occupations I and II, and is the H.O.S.A. advisor. She attended Washington University, in St. Louis, and N.C.S.U. where she received a teaching certificate in Nursing. In her spare time she enjoys reading and is an avid sports spectator.

Ms. Rebecca Coltrane teaches Record Keeping, Accounting II, and Cooperative Office Occupations. She attended East Carolina University and UNC-G. She received a B.S. in Business Administration and a M.S. in Business Education. Her hobbies are singing, and needlework.

There's no time to get the summertime blues

Lanee;

Well looks like we made it! I know Southern wasn't all in day; But it's close enough for me, but I hope ya'll don't regret being a part of Southern. Just think we would have never met. Ha Ha! I know this year hasn't been the best for me and you. But it could have changed. You can say I blew it, and I can say you blew it. But maybe we've not blew it at all. I guess you can see that I've always had a spark somewhere inside for you. You are a special guy. And you mean a great deal to me. Things have changed from the way it use to be. We use to be so close. In a way I still feel we always will be. We have been through a lot. And I don't just want it→

to end like this. We have had some great times. We'll never forget those times and we'll always cherish them forever! My last couple of yrs would not have been the same if not for you. I know this is sloppy but it's only 12:30. Ya know! Nuf said, Maybe not all I want to, But all I should. Maybe one day I'll tell ya, That is if you care enough to want to know. But you'll have all your others (sins) and forget all about me! But I'm not giving up on you yet. Or that easily! You got that. There's always hope for us that I've had, hopefully soon one day they'll come true! Don't forget me ever! Stay in touch!!! I'll be here! Always!

Love Forever

You know who!

Robert,
We've finally made it,
It's our last year here.
We've loved all the laughs
And survived all the tears.

Now I'd like to say Thank you
For being there at all times.
You have been so special to me.
I hope you will always be mine!

For all the people I've known for these past 12 years, I want to give special thanks. Thanks for being the people you are and for sharing this part of my life. ~ ~ ~ ~ ~ Sandy ~ ~ ~ ~

One's heart grows strong for the things it loves
For life, for liberty and for the Lord above.
But this heart of love that is deep inside
Is more than just a satisfaction for human pride.
It yerns to feel for a special one,
Who sets the pace, who's below none.
This kind of feeling all humans know,
Like the emotions you have for Carolina morns and old country roads.
A definite standing you have in your heart,
Something you live with and you never part.
This feeling I have which continues to grow
With a constant yerning and an emotional flow.
But what fate lies before me, I don't know
Only time and patience, with the help of my heart,
Will determine whether it's the end or the start.
This growing relationship that I share today,
In my dreams, I hope will last always ~ ~ ~

Craig

Well we're finally here, I hope. To think back on all the things we've done along the way kind of (gives you a headache) (na, just kidin') it kind of makes you want to go back and do it over again except for the school part, we've really had some great times throughout all, we've had all our wild camp outs and the commandoes. and we've definitely had our share of parties remember New Years Eve! I hope you do, because I can't! (Ha! Ha!) and then all the wild times over at pizza inn remember those 5 pitchers and getting arrested. And who could forget the pool. We've really had some great times and just think the best of all is yet to come, Mytle Beach, I can't begin to imagin the times we are going to have down there. We'll have to go to the arcade and dominate on some foosball. Well, I would say see you this summer & be good and all that mess but I'll probably see ya this afternoon so (J.K.)

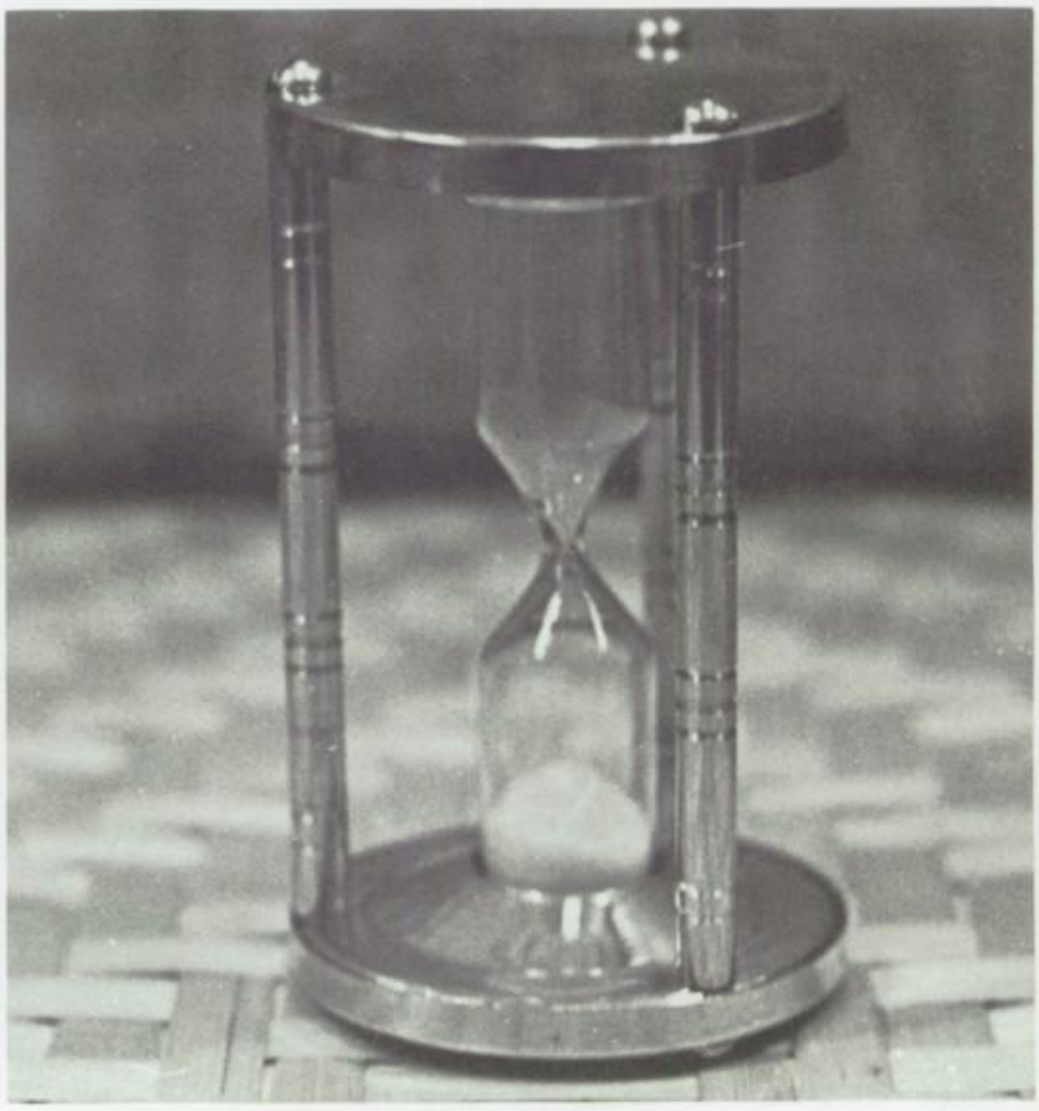
Given this second day of June, one thousand nine hundred and seventy-six.

But time keeps flowing like a river to the sea. Goodbye my love, maybe for forever. Goodbye my love, the tide waits for me.

Who knows when we shall meet again, if ever. But time keeps flowing like a river to the sea till it's gone forever; gone forevermore.



Goodbye my friends, maybe for forever; goodbye my friends the stars wait for me.

Not many people realize the long hours and tedious work that went into the 1982 DRUMBEAT. There were ads to sell, layouts to be drawn, pictures to be taken, developed, enlarged, and scaled, copy to be typed and of course, praying that we'd have it all finished in time to meet our deadlines. But all the work was worth it!

The DRUMBEAT is more than just a book of pictures and names. To many it's a book of memories. Not just memories of the various basketball and football games, the Prom, Homecoming, etc . . . but memories of the friends and special people that made all these times possible. So actually, it really wouldn't be Southern's DRUMBEAT without "special people" like you.

Along with thanking you, the student body, we would also like to thank our advertisers who supported us in our publication. We could not go without giving credit to School Pictures, Inc. for furnishing student pictures. We are grateful to Nelson Photography for formal shots and various candids. Jo Walker was astounding in redrawing our original layouts. We would also like to thank Jim and Ed Goldston, our representatives, from Hunter Publishing Company for their assistance in getting our yearbook published. We appreciate Mr. Rayle and our faculty for being patient and understanding through our production. As our copy editor, Miss Coltrane was outstanding. Mr. Burney, thank you for helping our photographers and Miss Robbins, thanks for taking the time to advise us because it could never have worked if you had not had the concern for us that you did. You were more than just an advisor, you were a friend to us all. And of course, we cannot go without recognizing our staff. Without them the DRUMBEAT would not be the success that it is. Thank you again, the privilege was ours to have worked with all of you.

Thank you,

Thanks for being such a great friend through all the years. Keep in touch and don't forget me! Have a great summer + try to stay out of trouble. Take care! Love ya,

Lance,
You darling, I wont you to know that I just love to wink at you. You are also my favorite male student in H.O. II. I think that you have to be one of the craziest people I know. Your a great guy who I love alot. I'll never forget you or the fun times we have shared. I hope to see you again after we graduate. In fact I will personally come to see you if I have to. Good luck with everything you do in life. Be nice to your mother she is a very dear sweet person.

Jance,

We have come along way and I hope we won't have anymore arguements! Because friends shouldn't fuss and I do consider us as being "good" friends so what do ya say lets try to act like friends from now on! And I want to say I'm sorry for not being a good friend to you up to this point but I have made up my mind, all of that will change and I do mean that - so watch out! Jance there's something that you said to me the other day at school and it really bothers me! You said that me and Rodney wasn't right for each other, why do you feel that way, I really just don't understand! I mean Rodney tells me not to worry about it but Jance you mean a lot to me, I know sometimes I don't show it but you do and I worry what you think about me and good ole Rodney! Especially with you and him being bothers, I'm so afraid that one day I'll turn around & you will be gone and you will take Rodney with you! Now maybe I'm wrong and to tell ya the truth I hope I am because everytime I turn around something goes wrong and now that me and Rodney are finally getting along GREAT, I just don't want anything else to happen! I hope you understand how I feel and I wish you would promise me that nothing like that would happen, but maybe I'm just expecting too much! Well that's enough about that, just remember one thing that I "do" care and that I love you, but I love you in a different way from Rodney! I love Rodney as a boyfriend and I love you and Brandi ct... as a friend! So what =>

Lance,

Well, its hard to believe we've finally made it. All except for the beach. U can't wait!

Lance, U want to thank you for being such a great friend for the past twelve years. We've been through a lot. Thanks for all of the great times we've had. You're one of the best friends I've ever had in my whole life and U really love you. You've always been around when U needed you and U want you to know U'll always be around if you need me. No matter where we end up U hope you'll never forget me. Thanks for everything!

P.S. Thanks for the Birthday Party it meant a lot.

Love Always!

ever you do don't forget that! And this summer I'm sure I'll be seen good "ole" Daytona so I'll come by to see ya sometime if you're sure that BF won't mind! Oh and by the way Prom night is going to be GREAT! You and Kelley and Rodney and I, boy I just can't wait! Oh and the Beach is going to be another GREAT experience and you and your brothers better plan on coming to see us and I do mean that! Oh and take care of Rodney you know when he gets at the Beach he just goes wild! Talking about wild lets make the rest of this year a wild one! Just think I'm just getting started! Be good and stay out of TROUBLE!

Love ya
Beth!

Lance,

You'll always be on my mind, We've had our great times, right? Don't ever forget me! Stay sweet + good-looking! Don't get nothing on ya, and you "Comandos" better stay out of trouble this summer! I'll always love you! Tracy Duncan

Lance,

Well, it's almost over. It has been fun and sad. I hate we had to leave Allen Jay, but we have made some memories here too! I really don't know what to say, we've been through so much together. You we're one of the best friends I ever had. I could always talk to you. Then, wow, it became more than just a friendship. Well, it didn't last, but I don't really think there was any way it could have. I know the time that we were together was hard on you and I'm sorry, but I guess we were just meant to be friends. Everything I ever said I meant, I want you to believe that. You will always be on top, I'm sure. That is the way you are the best. You are a special kind of guy and I know you will remain that way. I hope that everything you do will always bring you the best. Our relationship has meant a lot to me and I will never forget any of the good times we have shared. Thank you for understanding about me and Ricky and for still being a friend. That really meant a lot to me. You are a super sweet and good-looking guy, I hope you always have the best I know you will! Thanks for all that you have done for me. You are a special kind of friend!

(Rescued)

Lance,

Well brother we have come a long way. We have had a lot of good times together except for last year but we will forget about that. There will never be another year like the summer before the last not even this year even though its graduation there will never be another summer like that. This summer will be pretty good but I need the old boy. Man we have shared some secrets too. But I'll never tell, we have had some problems with the girls too. And thanks to my advice you overcame a few of them. Too bad your advice wasn't as good as mine but thanks for it anyway. Remember Traci, Lufwood, and Back in Black, that was the summer. Remember the long walk we went on during the South? Man that was fun. Especially walking on the Shells and sleeping outside. How about trying to get change for the phone booth when we wanted to stay one more night? But last summer was a total flop. This summer won't be like that because I learned my lesson. We need to make that book of lies because we could make a million. We have made some up too, and probably we'll make up plenty more. Well we have had a lot of good times together and I know we'll have plenty more. But there will never be another teen night. That was the year. I appreciate all the help with Beth even though I didn't take your advice. I couldn't tell her to get lost because I really love her, and I have loved her for a long time. I could never tell her to get lost, she is the only girl I have really loved, and I mean loved. The memories are all in this bunch of lines I wrote and in between then that only me and you can understand because we were there. Well if you ever need any advice about anything even girls just ask, because your

Lance,

This has been one hallua year. But next year it will be the most hell raising year Southern has ever seen. All you seniors are gonna miss out next year. Me and Joe and Chuck and the rest of us good ole' boys are gonna make next year a year to remember. We've had a good time in sixth period with Mr. Marion and I know he deep down inside he has loved every minute of us picking on him. We raised alot of hell at lunch this year and some of us have been to the office a few times but some of us got away with murder. I wish some of you big seniors would be back next year so we could have more fun, but I'm sure will survive.
